

INTELLIFLO3

Variable speed and
flow pool pumps

A pump so smart
you'll forget about it.

Water flow is king. And this is the industry's only pump with patented, sensorless flow technology that automatically adjusts water flow to your pool's conditions. And you're gonna love it.

flow control.

INTELLIFLO3

Variable Speed and Flow Pool Pump

INTELLIFLO3 VSF POOL PUMP

Let the only pool pump with sensorless flow control put your pool on cruise control.

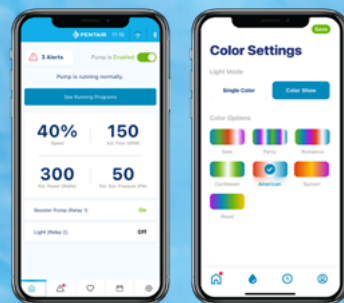

Introducing a smarter pool pump. With sensorless flow technology, you can simply set and forget to help keep your pool crystal clear and inviting, no matter what your pool requires.

SIMPLE SMARTPHONE CONTROL

With seamless WiFi or Bluetooth® wireless technology control via the Pentair Home app, you can monitor the pump or change the flow rate from anywhere.

A built-in automation to activate up to two devices like a pH dosing pump and a salt chlorine generator.

Control Pentair Color LED Pool and Spa Lights using your Smartphone. Pentair Home App lets you toggle between your favorite color modes and moods through the relay board control.

FLOW IS EVERYTHING

So Pentair invented a game-changing pump.

ADJUSTS TO POOL CONDITIONS

As conditions change with your pool water, flow speed adjusts automatically.

SILENCE LIKE NO OTHER

When running at a low speed, it sounds like nothing more than a whisper.

AND BIG ENERGY SAVINGS

The combination of variable speed and sensorless flow saves you up to 90%.*

*Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of \$0.16 per kWh in a 75,000 liters pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.
